KAREN FOLEY: Welcome to the Open University. If you're a new student or a relatively new student, you may not be aware of all of the services and support that are available to you as an OU student. So why not join us at our virtual Freshers' reorientation event at the Student Hub Live on the 4th of February, throughout the day and into the evening. The Student Hub Live is the OU's live online interactive platform. I'll have guests in the studio who will share their knowledge and experience, and most importantly, you'll be able to meet and talk about your own tips and techniques with other students in the chat room while the event is live.

You can find out about all of the networks and services that can make your learning journey so much better and hear from my academic colleagues, as well as the careers and library team, the student support team, and much, much more. You'll also be able to join Team Home and our Wheel of Ologies quiz and see if you can beat the teams in the studio again. You can find out more about the programme of events on the website, which is where you can access the event when it is live.

If you have a question you'd like to ask in advance, just email us. And if you can't attend on the day, then the videos will be available and catch up afterwards with all of the other sessions we've run in the past on our YouTube channel. But I hope you can join us on the 4th of February.
