Welcome – please read this first

• This session is run by Karen Foley and Isabella Henman and is recorded with the recording available to view on catch up on a public facing website. Slides are available at the end.
• Poll answers are anonymous to other students, and you may need to scroll to see other potential answers.
• You can also use the main chat pod to chat and share ideas but it does move quickly so don’t worry about keeping up if it is too fast!

We recommend that you always check your sound levels using the audio set up available to computer users (meeting > audio set up wizard) but microphones are not available to use in the session.

If you are on a mobile device please note you will need to tap into polls, chat, slides when mentioned.
Pre session polls

What level of study are you?
- Access
- Level 1
- Level 2
- Level 3
- Postgraduate

What would you consider is your main area of study?
- Arts
- Languages (English & other)
- Social sciences
- Business and law
- Science
- Engineering or technology
- Maths
- Health sciences
- Education
- Sports
- OTHER

Have you been to any student hub live online events before?
- No (I’m brand new!)
- No (but have listened to one or more recording)
- Yes last year (any 2019)
- Yes other
What are student hub live online sessions?

• All student hub live sessions are non modular and focus on skills relevant to study at university level.
• Polls are anonymous to other participants but the chat box will have your logged in name associated with your comments.
• All online sessions are recorded and available to view on catch up on a public facing website. Small group discussions are not recorded.
• Slides are available at the end of the session and from the main website.
Initial polls

What is your main reason for coming along today?

Are you currently...? (please choose the one that is closest)

• Brand new to OU study
• Have done at least one previous OU module (in last few years)
• Have done at least one previous OU module (many years ago)
student hub live is the OU’s live online interactive platform to support academic community

Karen Foley is a lecturer at the OU, head of student hub live and chairs Y032. She also tutors in social sciences, psychology and science.

Isabella Henman is an essay writing aficionado and skills trainer. She tutors in science and health sciences at Access to level 2.
Managing my time
Time management is the most common challenge for OU students who are often juggling other responsibilities alongside studying. In this workshop we’ll provide you with some time management techniques and frameworks that may help you manage your time more effectively. We’ll also discuss strategies other students have used, and you’ll have the chance to talk to other students in small groups about how to apply some of these ideas to your own situation.
Workshop

• This is going to be a structured workshop covering some of the basics about how to manage time when studying at the OU
• We’ll give some tutor advice about strategies for help you not to fall behind and give some suggestions about how to get back on track if you do
• There is a lot of interaction so please be ready to answer polls (questions) or add to chat pod during the session
• You’ll also get the chance to discuss things with others in a small group
Session purpose

- **Is for:**
  - Covering general time management information
  - Give some guidance about ways to manage time
  - Provide a space to share ideas and connect with other students

- **Is not for:**
  - Telling you what you HAVE to do
  - Providing any module specific advice
First thoughts

Which of the following do you normally use to keep track of things you are doing in every day life?

• Diary
• Wall calendar
• Online calendar
• App for tasks
• Sticky notes
• No specific method – I am good at remembering 😊
• No specific method – I always forget things 😞
We recommend!

• Some form of visible calendar and active reminders
• If possible print out your module calendar and stick it up somewhere obvious so you can see it
• The online module planner is great but won’t actively remind you of anything (dates will show up but you have to look)
Time management resources

- [https://help.open.ac.uk/time-management-skills](https://help.open.ac.uk/time-management-skills)
- There are lots of resources available for time management
- Be realistic and balance what you want to achieve
- Balance time available, effort needed and eventual outcome
- Sometimes planning will help save time, other times just getting on will be the most efficient option
Tools available

- Showcase of the different options including activity template for week, hour by hour planner, foursquare priorities, Gantt chart broad allocation per activity

(in separate pods)
# Activity Template

</table>

**Tasks**
- read sections 1-3
- check TMA guidelines
Poll time

Please indicate which of these you think might be something you would try:

- Weekly activity planner
- Day and hour planner
- Foursquare chart
- Gantt style (time allocation) chart

Please use the short answer poll to give any further information about the tools and your thoughts
Setting priorities

How good would you say you are at setting (and keeping to) priorities in general?

- Great
- Good
- OK
- Not so good
- Always get distracted by fun things!
Strategies

- Little and often is better
- Trying to study for 3 hours without a break will be counterproductive and you will probably end up tired and fed up with it all!
- Factor in breaks
- Reward yourself for successful study
Contingency time

- Can you think of anything that might affect your ability to study when and for as long as initially planned? Please use the short answer polling pod to give your suggestions.
Our ideas

- Illness – yours or dependants
- Extra paid work to do
- Family issues e.g. children’s exams, attending school trip...
- Technical issues e.g. broadband down / computer breaks / house flooded...
Foreseeing…
Foreseeing…

• Obviously we don’t expect you to foresee the future

BUT

• Some things can be planned for and therefore shouldn’t disrupt your study plans unexpectedly

• Religious festivals such as Diwali, Christmas, Eid and Hanukah are not unexpected so you need to plan for them if you will have time off
Be prepared

• It is always better to over-plan to begin with than expect everything to magically work and then get stressed
Information polls

What level of study are you?
- Access
- Level 1
- Level 2
- Level 3
- Postgraduate

Have you been to any student hub live online events before?
- No (I’m brand new!)
- No (but have listened to one or more recording)
- Yes last year (any 2019)
- Yes other

Are you currently...? (please choose the one that is closest)
- Brand new to OU study
- Have done at least one previous OU module (in last few years)
- Have done at least one previous OU module (many years ago)
Discussion activity

• Discuss as a group your best tips on how to manage time effectively
• Please bring back a few points that you can share with the rest of the group
• We can then try and discuss some of the common points
• You do not have to speak on mic if you don’t want to but please do interact with your group using the chat option
Useful points for breakouts

• We suggest you use the first couple of minutes to introduce yourselves and get used to the room. Choose a volunteer to keep the discussion on track and feed back to the main room.

• Remember to activate your microphone to speak as per the instructions given.

• Breakout groups work best if people engage and contribute and discuss.

• There will be ~10 minutes for the breakouts overall – we’ll send regular reminders to let you know how long you have got left.
Breakout activity

• Discuss as a group your best tips on how to manage time effectively
• Please bring back a few points that you can share with the rest of the group
• We can then try and discuss some of the common points
• You do not have to speak on mic if you don’t want to but please do interact with your group using the chat option

Remember to check the number of the room you are in (shows at top of chat pod as “chat x BREAKOUT y”) in case of connection issues and for bringing back information.
This session is currently in breakouts (small groups).

If you are part of this group and have had connection issues please let us know your room number in the chat box.

If you are only just arriving in this room then unfortunately you have missed the main session. Please log back out and watch the recording which will be available later today.
So....

• What can people share from their sessions? Please use either the chat pod or the anonymous short answer polling pod
When time runs out…

• Look at what is most important and focus on that
• Prioritise the tasks according to what you will gain marks for or need for professional development
• If something unexpected and unavoidable occurs then you may be permitted an extension on a TMA (NOT ICMA / EMA) deadline so talk to your tutor
Take home message

- Time management works best if you prepare well and are realistic about the time you have available and what you can personally get done
- Think about what is important to you and what you hope to achieve
- Short term pain – long term gain
Final polls

What do you feel is the main thing you will take away from this session?

What are you going to do as a result of today’s session?

Which of the following elements of today’s session did you find useful?

- Tutor led explanation
- Opportunity to chat in text chat box
- Opportunity to suggest ideas in polls
- Opportunity to read ideas suggested in polls
- Breakout room (discussion with / learning from other students)
- Breakout activity (reflecting on the concepts in more detail)
- Any other aspect (please give details in chat)
Upcoming workshops

Studio broadcast 3rd February – (re)fresher orientation

Study skills workshops: (re)fresher orientation
Effective online communication skills, Essay planning, Essay writing, Report writing, Developing a good academic argument
