Welcome everyone to our session, we will start at 7 :)

Hello everyone, great to see you all today.

Hi I'm Nicky from SHL helping out in the chat today. Please do join in and chat with each other too. I'll try to respond to as much as I can.

Please have a go at our polls.

copy of it is the file time management tools in the download list

You can put captions on if you go to the top bar and use the CC drop down.

- PEEEL
  - Point – make it in first sentence
  - Evidence – support it with facts
  - Explain – why the evidence is supportive and why is it relevant
  - (Evaluate your point)
  - (Link – link the paragraph to the next section and/or question gives flow to essay)

Send your study buddy pics to [studenthub@open.ac.uk](mailto:studenthub@open.ac.uk)

If you want to use emojis on the screen, you can use “Windows key + .” On a PC or “Control + Command +Spacebar” on a Mac

Please feel free to use colour in your messages, you can change the chat colour by clicking the options icon (three dots) at the top right of the chat pod. And you can increase the font size just for you. Avoid using purple though, we use purple for the hosts to help our comments stand out.

Feel free to have a good chat in the chat box But if you find it distracting just ignore it.

The app is definitely easier for viewing slides, but mobile devices work, though you have to click through the views.

Microphones are not on because of the number in the room. So your mic icon will not show.

The session is about academic communication in general if you have course specific questions please ask your tutor or student services.

If you get an echo then you might have logged in twice, send a message and I will remove the duplicate.

Please avoid sharing personal information in the chat pods. You can respond to other people by name, but only use first names. If we see any personal information in the chat pod then we must delete the chat pod for the recording.

If you are having sound issues then this might help:

Safari sound problems link: <https://helpx.adobe.com/uk/adobe-connect/kb/no-connect-audio-playback-on-safari.html>

Google Chrome, using browser. Click on padlock in the address bar to access settings and enable mic and speakers.

Essay and report writing skills on Open Learn for further information: <https://www.open.edu/openlearn/education-development/essay-and-report-writing-skills/content-section-0?active-tab=content-tab>

If you can't hear go to the drop down next to Student hub shl and set up your microphone.

**You can download the slides from the file box on screen now.**

If you can't hear anything then post a message here

go to the top of the screen in the black where it says student hub shl and use the drop down box to get to microphone set up.

Sound is always easier to arrange using the Adobe Connect app.

<https://www.connectusers.com/apps/>

The images showing at the moment may not be compatible with the latest Adobe mobile. App. You definitely get a better experience for these sessions on the computer app.

The SHL Link and the files can be downloaded at the end of the session from within the room or are available at <http://studenthublive.open.ac.uk>

youtube.com/thestudenthublive

You'll always have a chance to catch-up on all our sessions on our website our YouTube Channel: youtube.com/thestudenthublive :)

If you have a question for Nicky or Margaret put it in the chat box with “Q” at the front, so we will recognise it as a question.

You have to reset your colour for the new chat box

If you find this chat box distracting, just ignore it. This is the naughty corner normally

- the slides are already on the website and will be there on the main page once we start, as for all sessions and as mentioned on the notices.

Slides and the recording can be found at past events section at <http://studenthublive.open.ac.uk>

Please avoid sharing personal information in the chat pods. You can respond to other people by name, but only use first names. If we see any personal information in the chat pod then we must delete the chat pod for the recording. We encourage you to enjoy the discussion, but please keep it relevant to the subject and avoid getting too personal in the comments. If you have a question for Margaret or Nicky, put it in the chat box with “Q” at the front, so we will recognise it as a question.

The session is recorded and its files can be downloaded at the end of the session from within the room or are available at <http://studenthublive.open.ac.uk>

The session is recorded and its files can be downloaded at the end of the session at <http://studenthublive.open.ac.uk>

There is a library training session on the "why and how of referencing" and you can find out about it here: <https://www.open.ac.uk/library/training-and-events/the-why-and-how-of-referencing>

If you want to only see the pod with the presentation on it, feel free to click the icon in the top right of the box looking like a square with a shadow, clicking it again restores it to the standard size

[studenthub@open.ac.uk](mailto:studenthub@open.ac.uk)
