

SHL Summer Party!

Party basics

- Polls are anonymous to other participants, but the chat box will have your logged in name associated with your comments during the live session.
- All online sessions are recorded and available to view on catch up on a public facing website.

What are these live sessions?

- Studenthublive is non modular and focuses on study skills relevant to higher education
- SHL adobe connect live sessions are a hybrid between our live broadcasts and our interactive adobe connect workshops
- They involve an invited guest and discussion
- All events are always advertised on our website along with studenthome news, social media channels and careers sources
- All events are bookable; workshops do fill up as they are popular

Please be aware

- These sessions are large scale
- They are very busy
- There is lots of interaction
- Tonight is not the same as other tutorials or other SHL workshops
- You can maximise slides on your own screen by clicking the icon (but you might miss some things tonight!)

Please

- Do NOT share any personal information in the chat pod during the session
- On the recording names will be anonymised to user number
- However, if you type anyone's full name or any other personal information in the chat pod it can be seen by everybody, and it would also show up on the recording so we would not be able to make the recording available

Inclusivity

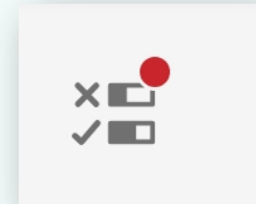

- We welcome all students at our sessions.
- Please do be aware that they can be very busy, and some students may struggle with the non-scripted nature.
- Partial slides are available to download within this live session as it is a party, so rather different from normal!

What do you want to achieve?

Using the short answer poll provided please say what you are hoping to achieve from tonight's party

(If you are on a mobile device remember you need to tap into the polling option)

To come back to these slides after completing a poll click on the share pod slides icon

SHL: a year in numbers – Part 1

In this year's program (since August 2023)

- We have run 46 Adobe Connect workshops (and 6 more to go before the end of July)
- We have had 12 live broadcasts (and 4 more to go before the end of July)
- We have run 7 Adobe Connect live workshops – new for the 23J year 😊
- 12 brand new topics
- New Neurodiverse community suite of events

SHL: a year in numbers – Part 2

- Our most popular live broadcast was Tuition – making the most of your tutor and tutorials’ (494 people streamed live, and 829 have watched on YouTube catch-up!)
- Our workshop with the highest attendance was ‘Managing your time better’ in September (335 people!)
- 17,585 watches on Adobe catch-up and YouTube for SHL events this academic year, as of June 16th 2024
- 12,522 live interactions with an SHL event
- 4066 individual students attended Adobe workshops this academic year so far

More to come

We hope you will keep joining us 😊

Ready?

Grab your drink

Adjust the sunnies

Tilt the umbrella

Plump cushions on the lounge

Remember our 'a bit busy' guest

Let's start!

Tonight's session format

- This is going to be a sort of structured session in which I (Isabella) will talk to my guest (Scott) about all sorts of things
- There will be dedicated interactivity points, so you get to chance to engage too (through chat or polls)
- Ralph will be answering questions in the chat and trying to behave
- Heidi will be attempting to bring order to the proceedings

Introducing our guest

- Scott – who are you anyway?

Summer word cloud

- Using the option to type in where it says enter word here say **How do you feel about summer?**
- Note that suggestions need to be a single word rather than a phrase / multiple words, if you press the space or enter button your first word will go through (so it won't make sense if that one word is not the whole answer).
- A word cloud is built up with common answers being larger so we can see if there are patterns

SHL Krypton Factor

- For those who remember the krypton factor and it's fiendishly difficult quizzes, we thought we would do one SHL styleeeeeeee 😊
- Scott has kindly recorded a couple of videos for us.
- Watch carefully and then be ready to answer some questions.
- Hint: the Krypton factor looked for details and maybe some sneaky little changes...

Questions from video Hamlet

- We will be using the quiz functionality for this one. There is a mix of
 - Multiple choice (choose 1)
 - Multiple answer (choose however many you feel apply)
 - Fill in the blank
 - True or False
- You will be able to see questions and how you are doing but cannot see how anyone else is doing.

Dinner party guests

Scott's guests

- Scott – which 3 people from history or currently would you like to have dinner with and why?

Isabella's guests

- Me... Who would I like to have at my dinner party and why....

What do you think?

- Who makes the best case for the guests at the dinner party – please vote for the ideal dinner party guest selection
 - Scott
 - Isabella

What about you?

- Please use the poll provided to add your ideas of who would be a great guest for dinner, and we will see whether you have good ideas

Deciding vote

- Heidi and Ralph have the decided votes – who do they think would be the best guests?
- (are they open to bribery....?)

Scott's menu

- Scott – which 3 dishes would you have at your super summer dinner party and why?

Isabella's menu

- Me – which 3 dishes would I have at my super summer dinner party and why?
(no bonus prizes for guessing this one...)

Quiz time

- Following the theme of food, I have put together a quiz about national foods of countries.
- The idea is to answer the question on the slide
- (disclaimer – Isabella and Cat did the research so blame the Internet if you don't agree with us 😊)

SHL Re-Krypton Factor

- Scott has kindly recorded another pair of videos for us.
- Watch carefully and then be ready to answer some questions.

Questions from video Van Gogh

- We will be using the quiz functionality for this one. There is a mix of
 - Multiple choice (choose 1)
 - Multiple answer (choose however many you feel apply)
 - Fill in the blank
 - True or False
- You will be able to see questions and how you are doing but cannot see how anyone else is doing.

End of module word cloud

- Using the option to type in where it says enter word here say **How do you feel about finishing your latest module?**
- Note that suggestions need to be a single word rather than a phrase / multiple words, if you press the space or enter button your first word will go through (so it won't make sense if that one word is not the whole answer).
- A word cloud is built up with common answers being larger so we can see if there are patterns

Enter word here

How did you find that?

- Are you an SHL super person, or have you been indulging in too many bevvies tonight?

What else?

- As you take stock of another year, what do you feel you have gained most this year?
Please share in the poll pod available or add in the chat

Thank you

It's been another great year at SHL 😊

Coming soon... (tbc)

- New suite of sessions for students with disabilities
- Planning short written answers
- Understanding graphical data
- Fundamental maths skills
- Logical problem solving
- Keeping motivation at specific points in year
- Studying at high intensity
- Making use of apps for study

Feedback

Please complete the feedback form that is available at

<https://forms.office.com/e/Z3CqfJNDz5>

This is immensely valuable to provide information on how studenthublive is beneficial to students, as well as to help us plan our future programme

(Please remember that as explained earlier, studenthublive is non modular and we cannot provide subject based sessions- sorry!)
